SKILLS

Html, TailwindCSS, JavaScript, Bootstrap, React.js, Next.js, Material Ui, GSAP, Firebase, MongoDB, PostgreSQL, Nodejs,

LANGUAGES

- English (Fluent)
- Urdu (Native)

internship

I am doing a 3-month internship at Sofrix Software House to gain hands-on industry experience. Passionate about clean code, performance optimization, and modern UI/UX design.

SUMMARY

I am a Frontend Developer with 2+ years of experience in ReactJS, Next.js, Tailwind CSS, and Firebase. I specialize in building responsive, user-friendly, and visually appealing web applications. Additionally, I have 6 months of Full-Stack experience with Node.js and MongoDB. Passionate about clean code, performance optimization, and modern UI/UX design. I thrive in collaborative environments to build high-quality, scalable web solutions.

WORK EXPERIENCE

Created 12+ responsive websites using ReactJS, Next.js, and Firebase

Improved website speed by 40% through optimized coding.

Deployed the platform with Vercel for seamless performance and scalability.

EDUCATION

2020 - 2024

Bachelor of Science in Software Engineering
Riphah International University, Faisalabad

Final Year Project: Developed an Event Junction website similar to Fiverr, allowing users to create and join events. Participants can track event details via a dashboard, showing who joined their events. The platform ensures seamless event management with real-time data updates.
